Sir,

With reference to your docket No. 9098
2.7.135-9
dated 19th instant, received in my Office
on the 24th, I have the honor to state that
the statement referred to was submitted
by me based on the Report of the Foreman
of the Government Branch Press at Mysore
who submitted specimens of the binding -
which he said was desired by the parties.
Since, he reported that the parties supplied
him with some of the binding materials
and one of them requested that a portion
of his work should be bound cheaper. I
warned the Foreman that he should
have ascertained all the particulars before

or estimate, sent
- of charges for binding
circumstances, and instruct-
finish the works early and to
with another statement for resubmission
to Government - which he has not complied
with and which I have been awaiting
some time from him.

2. I beg to state that the statement of
charges submitted by the Foreman direct
and which is now under reference has
been prepared as per instructions given
by me, and the same may be accepted
as the revised and correct charges for
the work done. The difference between the two
statements may be fairly placed to the
value of materials supplied by the owners,
as explained in the foot note of the Foreman's
Valuation statement.

August 1892, stating that when
he handed over the Branch Press
at Mysore to Government, two
works entitled "Aranya Parva"
and "Kadambari", the former
by himself and the latter by
one Mallappa which were then
in the Press and which had
been three-fourths finished,
have since been finished in
the said Press, and requesting
that the charges due to the
Press for finishing these works
may be written off as the
"Aranya Parva" is one of the
volumes of the Mahabharata
in Kannada Prose which will
be appreciated in every house
hold and "Kadambari" a work

which he had undertaken to

print gratis in order to encourage the literary labours of Masappa who had been engaged for several years in bringing out the said work with the aid of several Pundits.

2) Statement from the Foreman Government Branch Press

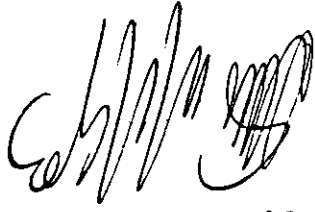

Mysore, dated 15th Decemr. 1892, showing a sum of Rs. 946. 8. 0. as being due to Government for printing and binding 1000 copies each of the "Aranya Parva" & "Kadambari" exclusive of the binding materials for the latter which were supplied by the Author.

The Superintendent,

To

The Chief Secretary

to the Dewan of Mysore.

Sir,

I have the honor to state that when I recently inspected the Branch Press at Mysore and from careful investigations made I found that the pay of some of the hands of the Establishment is very low in comparison with wages of men doing similar work in private presses of which latter the number has now increased in Mysore and something should be done to prevent the Press hands being tempted away by offer of high wages elsewhere. Some of our trained hands who are expected to do hard work get so little that it can scarce be compared to the wages easily earned by unskilled laborers on the road and it is very creditable to these men that they stick to their posts when allurement is held out to them in

in the shape of higher pay by private
Presses in the City. I beg therefore at
present to recommend small increases
of pay amounting in all to Rs 10/- per
month for a few of the deserving
hands and request that you will be
so good as to obtain the Sanction
of Government for the additional
expenditure so as to take effect from
the commencement of January next.

2. I herewith submit a Proposition
Statement embodying the proposed
increases as laid down in the Code
for revision of Establishment.

I submit herewith letter

work of the Oriental Library.
Government has been

The Foreman of the Branch

the Curator asked the
Superintendent of the Govt

a Proof-examiner who
knew English & the other
languages mentioned above.

has advertised in the last issue of the Official Gazette for a Prof-examiner who knows only Sanskrit, Kannarese & Telugu. Such a man the Curator says will not be of much use. Moreover he has several such men in the Oriental Library. The Curator therefore asks for a Government order to the effect that the Prof-examiner on Rs 25 shall be one who knows English.

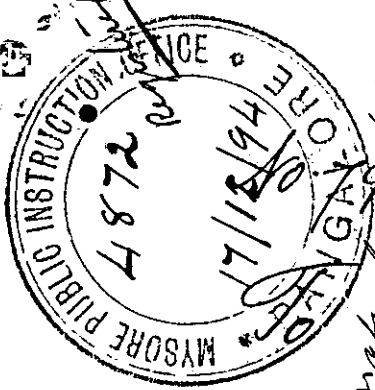

2 The Curator further submits that as there is misunderstanding between the foreman of the Branch Press and the Superintendent of the Government Press, the Branch Press may be placed under the orders of the Education Secretary or the Curator of the Oriental Library.

H. J. Bhabha Esq. M.A.

Secretary to the Government of Mysore
Education Department

Sir With reference to the Government Order C. No. 120-22 dated 5th December 1894, I have the honor to submit that the salary of Rs. 25- as provided for a proof-examiner, was proposed by the Foreman of the Branch Press after consultation with me with reference to the requirements of the special work as well as the work of the Branch Press as a whole, with a view to secure the services of one who, ~~can~~ knowing English, Sanskrit, Kannada, and Telugu, could examine the proofs of all the works of the Oriental Library now printing and hereafter to be printed at the Branch Press. As one man knowing all these languages sufficiently well has not been available, and as I have been directed by Government to make immediate arrangements at the Press to take the work on hand even in anticipation of formal orders on the subject, I

I have asked to the Foreman to apply to the Superintendent of the Central Press to share the services of a well-trained proof-examiner who knows English, Kannada, and Telugu. In the last issue, however, of the Mysore Gazette dated 13th December 1894, the Superintendent has advertised for a proof-examiner who knows devanagari, Kannada and Telugu. There are in this office men who are well trained in correcting proofs in all these languages, and their services, if required, could very well have been placed at the disposal of the Press.

While on this subject, I have further the honor to submit that all the arrangements I have had to propose in connection with the work at the Branch Press have been arrived at by me after personally consulting with the Foreman and ascertaining the exact wants of the press at a special interview. But I have found that the Superintendent, being at a distance from the press, has often been misled by the scanty

and apparently inconsistent information
furnished in writing by the not highly educated
person of the Branch Room with regard to
the kinds, type, machinery, furniture, or other
materials required, and that, consequently
the Superintendent has now and then omitted
supplying what has been wanted and
made arrangements not calculated either
to the exact requirements of the Room. Under
the circumstances they to propose that the
Branch Room as it is now working be placed
under the immediate control and supervision
of a local responsible officer such
as the Education Secretary, or the Director of
the Oriental Library subject to the general
supervision of the Education Secretary whose
head quarters is at Mysore. All the books
at Ext-look, that are now provided at
the Central Room may be conveniently
housed at the Branch Room, under the
immediate control of the Education Secretary.
This arrangement ^{will} enable me
to secure the progress of the printing
work of the Oriental Library which now
constitutes nearly the whole work of
the Branch Room except when the Museum

Camp is at Mysore for about two months in the year. It will further tend to the maintenance of thorough discipline among the Ress-Servants who often revolt against the Foreman and Carry Complaints to the Superintendent, who cannot always afford to personally enquire into the matter on the spot and summarily dispose of it and thus satisfy all the parties concerned. and thus allow the work to go on without friction.

I have the honor to remain,

Sirs

Your most obedient Servant

To

The General Secretary,
to the Govt. of Mysore,

Sir,

I have the honor to report that the Old Distillery Building below the Hookerhally tank in Mysore, having been made suitable for the Branch Press the latter will be shortly removed to those premises. I inspected the Block when at Mysore on the 25th instant and found that the arrangement would suit the purposes of the Branch Press. There is however one drawback viz: the distance of the new premises from any other building and its isolation; and as the Establishment quits work at 6 P.M. it will be requisite to provide for a guard (a watchman

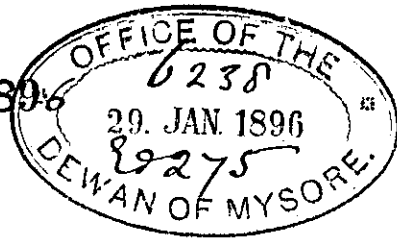

watchman) to look after the security of the Press, especially during the nights. The Foreman has asked for two watchmen, but this I am not prepared to recommend at present; if Government would be pleased to sanction the entertainment of one watchman on Rs 6 a month, tentatively for 6 months, a report would be submitted after that period as to whether the arrangement worked well, or whether it is necessary to have two watchmen. The Branch Press will be removed into its new location very shortly and I beg that sanction may be given to my proposal for one watchman at Rs 6 per month with effect from the 1st February next.

From
The Superintendent,

The General Secretary to the
Govt. of Mysore.

Sir,

Agreeably to No $\frac{6930}{177}$ of the 13th ultimo I have the honor to report that I have inspected the work done by the temporary establishment sanctioned in Govt. Order C No. 120-22 dated 5th December 1894 and beg to report as follows:

2. The typographical work done in connection with the book Called Yagya-patnakara from 1st January to 30th November 1894 is valued at Rs 264 ie 22 forms at Rs. 12 per forme, and the cost of the temporary establishment during that period totals Rs. 474-14-0. But this temporary establishment is not confined solely on Yagya-patnakara; it is utilized in connection with all works received from the Oriental Library, Mysore and for this purpose is grouped with the temporary establishment sanctioned by Govt. for Oriental Library work in Govt. Order C. No. 118-20 dated 18th November 1893. The following figures are in connection with the special work done for the Oriental Library.

by the Combined Establishment.

GOVERNMENT OF MYSORE

Value of work done for Oriental

Library from 1st January 1895

to 31st December 1895 - 2798-2-0

Cost of Establishment

1052-1-11

Saving to Government Rs. 1746-0-1

3. The Progress of Yoganatmakara is very slow, at the rate of two forms only per mensem, but this is not due to any fault or shortcoming in the Press, and I understand that the Volume is a bulky one and will run into many years at this rate of progress. The temporary Establishment, however, as will be seen from the figures above, is doing good work, and I am of opinion that its retention for five years would be most advisable.

Sir. Referring to Govt. Proceedings No. 9098 of the 6th instant, I have the honor to state that as the publication of Yoganatnakara is for the Oriental Library at Mysore and as the Curator has to supervise and attend to all proof in person it would be very inexpedient to transfer the work to the Central Press neither would it make any difference in the cost of the work. The abolition of the Extra Establishment at the Branch Press would entail additional hand on the Piece Work Establishment at the Central Press. With a view however to facilitating early completion of the work it might be advantageous to introduce the Piece Work system into the Branch Press and do away with payment by monthly salaries.

Sir, Referring to Govt. Proceedings no 975
Ed. 2, of the 21st instant I have the honor to state
that it would be advisable to introduce the Piece
work system into the Branch Press at Mysore.
Under this system the working men would be
encouraged to turn out more work, progress
all works would be more rapid, there would
be no necessity for payment of overtime
and the often recurring requests from the
Establishment for increase of salaries would
be obviated. If the Govt. approves of the intro-
duction of the Piece work system to the Branch
Press, arrangements could be made by which
it could come into effect from the 1st April 1896.

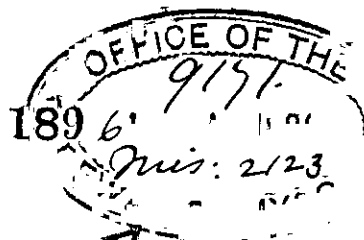

2. The present establishment - Permanent
and temporary - of the Branch Press amounts
to Rs 268 monthly. With the Piece work system
in force, this could be modified as follows:-

Foreman	60
Proof Examiner	25
Clerk and Reader	15

Peon	6
